

CEC CREDIT FOR ACSM COMMITTEE WORK POLICY

CCRB Approved February 17, 2023

Effective January 1, 2023, ACSM Certified Professionals may earn up to 8 CECs per year (total of 24 CEC for the 3-year recertification cycle) by volunteering and contributing to an ACSM Committee and/or working group. Support documentation must include participation details such as start-end dates of term/service, responsibilities, and confirmation from the Chair (or point person) of the committee.

You can make a difference and provide leadership for ACSM by serving in one of the following capacities:

- Committee on Certification and Registry Boards (CCRB) Executive Council
- CCRB credentialing subcommittees (GEI, CPT, EP, CEP)
- CCRB subcommittees: Continuing Professional Education, International, and Ethics
- ACSM Chapter Leadership (i.e., elected position, executive committee position, committee chair).
- ACSM Mentor (Leadership & Diversity Training Program or Mentoring Women to Fellowship Program)
- ACSM International Health & Fitness Summit Program Committee
- ACSM Editorial Board Member/Editor (Current Sports Medicine Reports, Exercise and Sports Science Reviews, Exercise, Sport and Movement, Health & Fitness Journal, MSSE, Translational Journal)
- ACSM Annual Meeting Program Committee
- ACSM Special Interest Group (SIG) Leadership
- ACSM or ACSM Foundation Board of Trustees
- ACSM Foundation Leadership
- ACSM approved special projects (e.g., CASM Exercise is Medicine, practice exam development, student leadership positions)

NOTE: ACSM Certified Professionals must report years of service for the above committee's that fall within the current recertification reporting cycle. For example if only the first year of a three year committee appointment occurs within a reporting cycle, report only one year of service, not all three years (1 year of service on 1 committee = 8 CECs; 3 years of service on 1 committee = 24 CECs).
