

Dear MARC ACSM members:

On behalf of the MARC Executive Board, it gives me great pleasure to announce that we will be holding our annual conference at the Sheraton Hotel in Harrisburg, PA on November 5-6, 2021. All scientific sessions and free communications will be held **face-to-face** so please prepare accordingly. Our exciting program will feature Dr. Ross Arena, who will be delivering the keynote address entitled, "The Global Path Forward – Healthy Living for Pandemic Protection". He will be joined by over thirty featured speakers. To help us prepare, we ask that you please consider filling out [this brief survey](#). Be on the lookout for “a program at a glance” and a “call for abstracts” in August. In the meantime, have a wonderful summer!

Kind regards,

Devon Dobrosielski
