

**Lecturer, Anatomy & Physiology**  
**Department of Applied Physiology, Health, & Clinical Sciences**

**Position:** Full-time, 9-month Lecturer in Anatomy & Physiology in the Department of Applied Physiology, Health, & Clinical Sciences starting August, 2024.

**Responsibilities:** The Department of Applied Physiology, Health, & Clinical Sciences is seeking a dynamic leader to direct our interprofessional Anatomy & Physiology sequence. The faculty member will teach and mentor a multicultural student population in A&P lecture courses, facilitate lecture and lab integration, supervise laboratory teaching assistants, oversee virtual and dry labs, and integrate interprofessional needs within the A&P sequence. This faculty member will also engage community resources and adjunct instructors to support student outcomes. Service to the university, college, and unit are also expected.

**Required Qualifications:** UNC Charlotte gives primary consideration to the earned master's and/or terminal degree in the teaching discipline or a related discipline. Teaching experience in a related area and experience with learning management platforms and teaching technologies is required. Experience with supervision of a diverse student population is required.

**Preferred Qualifications:** A Master's degree in a discipline related to biology, kinesiology, or health sciences is required and a doctoral degree is preferred. Experience with anatomy and physiology teaching technologies is preferred.

**Highlights of the Position:** The Anatomy & Physiology sequence serves undergraduate students across multiple disciplines (e.g., APHCS, nursing) as well as pre-professional students interested in graduate school. The College created a new virtual anatomy space to complement existing A&P resources across multiple disciplines.

**Required Documents:**

1. Current resume or curriculum vitae
2. Cover letter/letter of interest
3. Unofficial transcripts (official transcripts required for hire)
4. Contact information for three references
5. One page teaching philosophy. Please include highlights of your beliefs about effective

and engaging teaching and learning, examples to illustrate your current practices, and plans to implement those practices in the context of Anatomy & Physiology.

**Questions:** To inquire confidentially about the position, please contact Julie Marino, Search Committee Chair, at [jmarin11@charlotte.edu](mailto:jmarin11@charlotte.edu).

**Salary:** Salary will be competitive and commensurate with experience.
