11. **Note:** All abstracts are accepted, but please have your faculty supervisor review your abstract before you submit it, especially if this is the first time you have submitted an abstract. **You may submit the same abstract for TACSM and National ACSM.** This is an excellent chance to practice your presentation since you will get a lot of interaction with TACSM members and the judges will also ask you to explain your work.

TEXAS ACSM POSTER FORMATTING GUIDELINES

TACSM will require posters to be in portrait format. Posters should be formatted to a size of 48" high (top-to-bottom) x 36" wide (right-to-left).

Strict adherence to this requirement is especially important this year because the new poster standards will not be able to accommodate posters that are not in this format (see picture to left).

The poster must be printed on a single sheet of paper. Many universities offer this service and if your university does not, then you can contact a local FedEx Kinko's or other print shop. **NOTE: Failure to comply with these preparation guidelines will result your poster not being displayed.**

Every poster presented at the TACSM should include at least the following elements:

1. Descriptive Title
2. Author Block (all authors should be listed, including professors)
3. Institution Affiliation (of all authors)
4. Classification of first author
5. Short Introduction (limited to one paragraph)
6. Methods
7. Results (should include figures and/or tables)
8. Summary Statements

**** Inclusion of an abstract on your poster is optional for authors and inclusion/omission of the abstract will not affect the evaluation of the student presenter in poster judging proceedings.**
