

2022 TACSM University Sponsorship Levels

All meeting materials including those that you wish to provide the attendees will be delivered electronically. As part of the electronic meeting app, we will be able to provide you easier access to the membership via electronic flyers and push notifications depending on your level of sponsorship. As a sponsor, depending on the level you select, a variety of different services will be provided (see complete list below). If a level allows vendors to display signage or banners, those vendors will provide this signage that can be displayed appropriately.

Our initiatives with growing our social media presence and integrated our traditional communications about the Annual Meeting are aimed to allow you to better connect with our growing membership and record-breaking attendance at the meeting. We look forward to working with you and thank you in advance for your support of TACSM.
