

2022 TACSM Annual Meeting

February 24-25th, 2022
Waco Convention Center
Waco, Texas

TACSM Student Bowl XIII

The TACSM Student Bowl is a Jeopardy-style quiz bowl competition involving teams of undergraduate students answering questions from various aspects of exercise science, including but not limited to: anatomy, cardiovascular physiology, neuromuscular physiology, endocrine physiology, exercise physiology, clinical exercise physiology, environmental physiology, respiratory physiology, pathophysiology, biomechanics, nutrition, pharmacology, health/fitness/wellness, strength/conditioning, EKG, exercise testing/prescription, and a category called Giants: Pioneers in the Field.

The deadline for a school to declare its intent to field a team(s) in Student Bowl XIII is December 17, 2021.

Each school in the region is guaranteed one team in the competition, but may request to field a second team if space is available. If space is available, a second team will be awarded based on a first to request first receive system. No schools can field more than two teams and schools must be from the state of Texas to participate.

For more information, or to declare your intent to field a team(s) by December 17th, 2021, use the link provided below.
